Proven Performance for Long-Term Service Life!

The Rodda Paint Difference

Unique II Interior/Exterior Acrylic Enamels provide High Performance & Versatility that Resists Cracking and Deterioration with Age - A Proven Performer for Long-Term Service Life and Color Retention!

Description:

Rodda Paint's Unique II premium system of interior/exterior acrylic enamels is designed to deliver high performance and versatility with superior scrubbability & touch-up.

Formulated for exceptional hide & coverage, outstanding block resistance and excellent adhesion, Unique II provides a durable finish with low odor during application. Not only does it provide high-quality interior performance, but, it also remains flexible for outstanding exterior applications on doors, siding, fascia and trim.

Unique II is easy to apply with a brush, roller or sprayer with minimal spatter and protects against stains and mildew growth on its surface. Easily washable, it offers great color retention that resists cracking & deterioration with age for great long-term service life.

"Unique II is a fantastic product for interior and exterior use. It brushes and rolls nicely and lays out really smooth."

- Anonymous Customer 1

"This is a great product for painting front/exterior doors. Over time, Unique II resists cracking in the elements and its color retention is unrivaled."

- Anonymous Customer 2

"Unique II is applicator friendly. It is easy to spray and it doesn't require much thinning if at all."

- Anonymous Customer 3
