with Exceptional HIDE & COVERAGE!**

The Rodda Paint Difference

Engineered for Performance and Designed to Provide Exceptional Hide & Coverage, the Wall Pro Paint System is the Perfect Choice for Large Production Jobs or Maintenance Projects.

Description:

Wall Pro is an ultra-low VOC, professional grade, Interior Finishing System designed to provide an easy to apply, high solids formulation that provides exceptional hide & coverage for use on large production jobs or maintenance projects.

With virtually No Odor during application it allows for quicker occupancy while making application safe for all, including indoor air quality, the environment, employees and clients.

Wall Pro offers exceptional hide & touch-up, great flow & leveling properties and spatter resistance for easy cleanup.

The top coats are tintable and can be tinted to colors in Rodda Paint Company's Cascadia Color palettes or match most competitor colors. Wall Pro products are available in both, one gallon and five gallon sizes.

Use Wall Pro with Wall Pro Prep and Wall Pro Primer on new gypsum wallboard/sheetrock to create a value priced finishing system.

Recommended Uses:

- Ideal for Maintenance and New Construction projects
- Great choice for new Residential and Commercial construction
- Works well for Apartment and Facility maintenance projects

TOP COAT

- Ideal on surfaces, such as properly prepared interior walls including drywall, plaster, masonry and wood

PRIMER

- New wallboard/sheetrock, textured interior vertical & horizontal surfaces and textured ceilings, including acoustical tiles

PREP

- New wallboard/sheetrock, pre-textured interior surfaces and textured ceilings

Features:

- Exceptional Hide & Touch-Up
- Excellent Coverage
- Spatter Resistant Application
- Easy Application & Cleanup
- Fast Drying
- Sag Resistant Formula
- Ultra Low VOC with Virtually No Odor During Application
- System includes Prep Coat, Primer, Paint
